## LOG-IN Technology Park 1

LOG-IN Technology Park, attractively located and with excellent transport connections, was established in 2005 immediately adjacent to the successfully flourishing LOG-IN business start-up centre. The commercial areas are primarily geared towards companies in IT and communications, new media, biotech and medical and environmental technology.

### Larger available commercial areas | Neumünster | LOG-IN Technology Park

Available at short notice	Medium-term availability	Location	Divisibility	Planning permission	Price	Usage foreseen by city
5 ha		centrally located in Neumünster, approximately 2.5 km from the BAB Neumünster-Mitte slip road; approximately 2 km from central railway station	from 500 m <sup>2</sup>	GE (commercial area)	€19.68/m <sup>2</sup> for grant-eligible investment projects. €30.68/m <sup>2</sup> for non grant-eligible investment projects. Mixed use areas €40/m <sup>2</sup>	IT and communications, new media, biotech and medical and environmental technology
