

BAD BRAMSTEDT

North Business Park 4

The established "Am Hasselt" commercial area is to be expanded at the northern edge of Bad Bramstedt. The existing commercial structure ranges from large-scale food manufacturing to medium-sized skilled manual labour and service companies. The B4/B206 bypass currently under construction will provide the Park with direct access to the national road grid.

Larger available commercial areas Bad Bramstedt North Business Park						
Available at short notice	Medium-term availability	Location	Divisibility	Planning permission	Price	Usage foreseen by city
